HOMEINDUSTRIAL ACTI...ADVANTAGES

The Aeropole offers several advantages, namely:

An inter-modality of Air, Road and Rail Transport (construction of a new cargo-station and a logistics area backed to the Aeropole).

The proximity of training centers in the aviation industry.

The availability of a skilled workforce.

A favorable environment for the development of aviation industries.

A development of efficient equipments.

A fully secured area.

A Serviced and equipped industrial land, proposed as long term rent and at incentive rent rates. A formula adopted to prevent investors' immobilization of capital for the acquisition of land.

A strategic location and advantages of proximity (the main international economic centers are serviced by a high frequency of flights from Casablanca)

An advanced logistics.

Nearby hotel units on the area.
