HOMEINDUSTRIAL ACTI...BUSINESS SERVICES

The Aeropole provides investors with an array of services, including:

A reception service and facilitations to accompany investors at various departments and agencies of the Moroccan administration.

A partner- linking relationship.

The management of the park, network maintenance, green spaces, surveillance and security.

The mutualization projects of transport and catering are being finalized.

The academy allows the formation or the improvement of Aircraft technicians.

Two training institutes in the fields of aeronautics (IMA and ISMALA).

A permanent contact with Moroccan members of the industrial group of aeronautics and space (GIMAS) to meet their needs and assist them in the problems they may encounter in their daily management.
