In the world of Aviation, Pilots and Air-Traffic Controllers use a special jargon to communicate between themselves.

This jargon, called "Aviation-Alphabet" uses the same 26 letters which we learn in kindergartens.

Each letter corresponds to a word used to identify an Aircraft.

B = Bravo	I = India	P = Papa	W = Whiskey
C = Charlie	J = Juliet	Q = Quebec	X = X-Ray

E = Echo	L = Lima	S = Sierra	Z = Zulu
F = Foxtrot	M = Mike	T = Tango
